

Human memory is sacred

Remembrance means the attitude of a person to society and his attitude towards goodwill. Human memory is sacred and holy. On January 28, active students of the Youth Council of the Faculty of Water Management and Management of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers made a great contribution. It is important to remember them in connection with the 81st anniversary of the birth of our first President Islam Abduganievich Karimov. Effective students remembered our great ancestor and visited the sculpture and museum of Islam Karimov.
